At the same time, representatives of the Asian people from different backgrounds have the opportunities to share their perspectives and experiences, too.

This unique networking and relationship building opportunity is offered between people with and without different migration histories in Vienna. An added advantage is that it will allow both the Viennese Asian people and the Viennese without Asian migration backgrounds to learn from each other and deepen their mutual understanding.

We cordially invite you to take part in this information event and look forward to an exciting exchange and interesting discussions. Together we can further strengthen coexistence in Vienna and promote integration.
